Delmar High School
Route 4, Paris, Texas

In Appreciation

We dedicate the 1977-78 La-Del to Mrs. Ed King. For 28 years Mrs. King has been a part of Delmar and has dispensed care and attention to the students as well as soft drinks, candy, and school supplies.

Mrs. King and her late husband started the operation of "the store" as it is known to the students, in 1950, and she continued with the store following his death in 1957.

In addition to rearing three children of her own, Mrs. King has had an instrumental part in the lives of all the children in Delmar School for many years, and is as much a part of school life as books and lessons.

Administration

To the 1978 yearbook staff:

I congratulate you for producing the 1978 version of La-Del. This publication will communicate across time and space for you and your fellow students your years as a part of the student body at Delmar. You will remember these years as being the best of your life, and I hope that you will remember and know that the faculty is proud to have had you as students. You will, no doubt, remember that your high school years were years of trial and struggle for your school as it prepares to meet the growing pains that seem eminent and strives to provide the type of educational program that produces citizens in the best American tradition.

J. C. Deatherage, Superintendent

To the annual staff and graduating class I would like to express my wish for a successful and gratifying future. I hope that each of you will realize the ambitions and aspirations that you have developed while a student at Delmar.
